SOUTHBANK CENTRE

Hello, here is July's L1 Foyer schedule and availability of space.

Just a reminder of some housekeeping rules. The lobby space is available daily 10am - 5:30pm. At certain times the space won't be available if we have events happening. To use the space you must adhere to the following:

You must respect each other, Southbank Centre staff, Security and other members of the public.

We will let you know when you can and can't use the space. When we need to we will sometimes change the timetable at short notice.

Music is not allowed at certain times due to certain performances and rehearsals. Please respect this. All music played must be suitable for a general audience including children. No swearing or offensive language. We do not allow any equipment or machines except small music players.

Whatever you do in this space please be aware of other people and do not do anything risky or dangerous.

This is the only space available to rehearse in. Please do not try to use other empty rooms because we will ask you to pack up.

See you soon
