Please note that Southbank Centre has the final call on the number of film crews and cameras that can be on site at any one point.

We strive for the best customer experience and where possible, we will always aim for the recording to not affect sightlines or unduly distract the audience. Where auditorium seats need to be held off for sightline/camera purposes, you will be liable for covering the cost of these (including any ticket commission on seats owed to Southbank Centre).

A SC Recording Agreement must be signed in order to proceed; please liaise with your Event Manager who can draw this up for you. Please note that as part of this Agreement all footage must carry the appropriate credits for Southbank Centre.

If you are using Southbank Centre equipment or staff, technical costs may apply and are in addition to the fees above: please see Artistic Rentals Rate Card for details.
