

Over the dark winter nights, our site is illuminated by a selection of outdoor artworks created by 12 contemporary artists.

Each of the works uses light and colour in distinct and playful ways, at the same time as exploring vital topics such as individual and collective identity, the environment and technology.

Winter Light Tours

THU 5 DEC, THU 12 DEC & THU 19 DEC

Join us on a guided tour for a unique insight into the artworks, the artists who created them and what inspired them. On Thursday 19 December, the tour is followed by a family-friendly activity where you can make your very own *Winter Light* artwork!

Take a tour with behind-the-scenes insights, on the Bloomberg Connects app
